# INTERNATIONAL PROGRAMME IN GLOBAL HEALTH

UNIVERSITY OF VIC -  
CENTRAL UNIVERSITY  
OF CATALONIA

## An interdisciplinary programme

**Goal.** To learn about global health from different perspectives and to improve interdisciplinary skills such as intercultural communication and teamwork.

### Structure

24-30 credits to choose from:

- Health Politics in Europe (6 credits)
- Inclusive Communities and Accessibility (6 credits)
- Artistic Activity as a Therapeutic Resource (3 credits)
- Gender and Health (3 credits)
- Assistive Technology (3 credits)
- Cooperation for Development: Nutrition in Crisis Situations (3 credits)
- Traineeship (10-17 credits)

- **Target participants.** Students in the final year of a Health Sciences bachelor's degree at the University of Vic - Central University of Catalonia or a partner institution.
  - **Duration.** Spring semester.
  - **Language of instruction.** The course will be taught in English. Guest lecturers from partner universities will share their wide-ranging expertise in international programmes.
  - **Information for international students.** For details of welcome activities, accommodation, the language context, etc., see <http://www.uvic.cat/en/international-exchange-programme>
  - **Application period.** Until October.
