

Call for Mentors for the academic mentoring program SEET

We are currently recruiting highly motivated mentors for the academic mentoring program “SEET - Support Education, Empower Together”.

SEET offers a fellowship to refugees interested in studying at a Swiss higher education institution. One integral part of the program is the mentoring offered by students, who are currently enrolled in the subject of interest of the mentee or have recently graduated from it. Mentors and mentees are supported by SEET and can participate in workshops and trainings.

Our aim is to reduce the obstacles preventing women refugees from studying at a Swiss higher education institution. At SEET we believe in the indefeasible right to access to education for everyone.

Find out more on our website www.seet.ch

Profile

- Current or recent graduation from a Swiss higher education institution
- Strong communication skills, responsibility, and open mindedness
- Commitment to invest 2-3h per week for a year
- Availability for regular meetings with your mentee
- Participation at SEET events in Zurich, Switzerland (the participation in mentoring training, Kick-off event, half-time reflection and wrap up meeting is mandatory)
- Fluency in German (C1 and higher)
- Coaching, teaching and or mentoring experience with displaced people is a plus but not a prerequisite

Applications will be accepted until **15.02.2025**.
